Solenoid Valves, Pressure and Temperature Switches, Air Filter Regulators, Analog Pressure Sensors, and Combustion Valves

GRISWOLD WATER SYSTEMS

Griswold liquid separators and filtration equipment for water systems. Non chemical pulsed power water treatment alternatives

Powering Business Worldwide

Diversified industrial products manufacturer in the fluid power, industrial and commercial controls

SERVICE & REPAIR

Our field service technicians can identify potential problems, repair, or provide solutions to your steam system. **No matter the valve brand!!!**

JNF Valve Turnaround Program

Upgrade your existing equipment with “Fehlinger A1 Certified” Turnaround Program. Refurbished valves have a full one-year warranty against defects in material and workmanship.

Key Features:

- All brands refurbished including Fisher, Leslie and Warren
- Up to 40% savings over new valve
- No piping modifications and minimal downtime
- Same size, class and function as currently installed valve
- Free pick-up and delivery in New York Metro Area
